AQUA-VELVET

DESCRIPTION

Aqua-Velvet represents a breakthrough in wet-cleaning innovation chemistry.

Aqua-Velvet is an all in one, "One-Shot" wet-cleaning product which combines an acid based detergent to inhibit dye loss on "Dry Clean Only" fabrics, safe and effective stain removers and state-of-the-art fabric conditioners. This carefully formulated product provides garments with a fresh and clean smelling fragrance, allowing for true wet-clean processing even in standard top loading machines.

APPLICATION

While created specifically for wet cleaning, product has broad use in wet cleaning and laundry detergent applications, and is compatible with all fabrics including suedes. **Aqua-Velvet** is an outstanding choice of product for processing dark color dress shirts.

DIRECTIONS FOR USE

1. For conventional washers use 8 oz. per 50 lb. load.
2. For Top Loaders – use 4 oz. per load.

Clean on gentle cycle for 7 minutes, one rinse and short extract. Dry garments to 15% moisture retention for optimum softness.

PACKAGING

Aqua-Velvet is packaged in 4x1 gallon cases, and 5 and 15 gallon drums.
