FREEZER CLEANER

DESCRIPTION

Freezer Cleaner is a ready-to-use liquid cleaner for sub-freezing application. Product should not be mixed with any other additives prior to use.

APPLICATIONS

Product is used in the cleaning of freezers, walk-in boxes, and any other sub freezing vessels.

DIRECTIONS

Use a two-mop bucket system and preferably use a deck brush and a dry mop. Remove all debris from floor. Fill mop bucket with ½ to 1 gal of Freezer Cleaner. **DO NOT ADD WATER.** Start at rear of walk-in with deck brush or clean mop.

Mop and scrub your way out of the freezer continuously dipping mop/brush in Freezer Cleaner. When finished let sit 5 min. Return with dry mop and remove any excess cleaner. Always be aware of slipping when mopping a freezer. Use anti-slip shoes; sneakers are not recommended.

ADVANTAGES

- Eliminates slippery floor conditions.
- No residual odor.
- Dissolves slime and greasy soil simply and effectively on most surfaces.

PACKAGING

Freezer Cleaner is packaged in 4x1 gallon cases.
