NEUTRA CLEAN-RX

(EPA Reg. No. 1839-168-38398)

(EPA Est. No. 38398-NJ-01)

DESCRIPTION

NEUTRA CLEAN-RX is an EPA Registered, neutral all purpose disinfectant cleaner concentrate for the general purpose cleaning of floors, painted walls, ceramic tile, brick stoves, hoods, and a myriad of other finished/hard surfaces. Product is an effective Detergent Cleaner, Virucide, Disinfectant, Fungicide, Deodorizer, and Mildewstat.

PERFORMANCE

NEUTRA CLEAN-RX kills germs and is free-rinsing and contains no soap constituents. Product leaves surfaces film-free and clean, yet will not irritate skin. Neutral pH enables this product to be utilized on finished floors without causing a clouded surface. See product label for particular use applications and dosage.

USAGE

NEUTRA CLEAN-RX should be diluted for use, preferably through a Pariser-provided proportioning feed system. Dilution rates will vary depending on soil burden applications, however typical disinfection of food contact surfaces is accomplished with a solution diluted at 4 ounces of product to a gallon of water.

ADVANTAGES

- Heavily concentrated
- Non-toxic and non-caustic
- Free-rinsing
- Neutral pH; will not attack floor finishes
- Phosphate and chelant free
- Provides disinfection

PACKAGING

NEUTRA CLEAN-RX is packaged in 4 x 1 gallon cases and 5 gallon pails.
