SPLENDID™

Heavy Duty Dish Machine
Detergent Capsule
for Hard Water

DESCRIPTION

SPLENDID™ is an alkaline and highly concentrated, non-chlorinated detergent packaged in specially designed capsules for safe automatic dispensing feed to single rack and conveyor type dish machines. This modern formula offers controlled foaming characteristics for one-pass cleaning of heavily soiled ware, even in high water hardness applications - (8-20 grains per gallon).

DIRECTIONS

SPLENDID™ is most effective when used in water temperatures of 150°-160° F. Your Pariser representative will choose the best dosage parameters for the conditions prevalent; however, a general dosage range of 1/8 to 1/4 ounce of **SPLENDID™** per one gallon of water tank capacity is recommended. Feed is controlled through electronic monitoring probe type dispenses.

The **SPLENDID™** container lid, when removed, reveals a lid strainer. The container is inverted (lid down) and placed gently into the Pariser feed dispenser. When empty, the capsule is replaced and discarded appropriately.

HANDLING AND CAUTION

KEEP OUT OF REACH OF CHILDREN. DO NOT MIX WITH ANYTHING BUT WATER.
FOR INDUSTRIAL USE ONLY.

DANGER: Product contains caustic, alkaline materials - can cause severe burns. Protect skin, eyes and mucous membranes from contact with this product and its solutions. Use only as directed.

(over)

FIRST AID:

EXTERNAL: Immediately flush skin with plenty of cool running water for at least 15 minutes.

EYES: Immediately flush with plenty of cool running water for at least 15 minutes.

INTERNAL: If swallowed, **DO NOT** induce vomiting. Immediately drink large quantities of raw egg, milk, or milk of magnesia, then drink large quantity of water. Follow with vegetable, olive or mineral oil.

GET MEDICAL ATTENTION IMMEDIATELY.

PACKAGING

SPLENDID™ is packaged in 10 lb. capsules, 6 to a case.
