LLS™ Liquid laundry systems "ULTRA" HEAVY DUTY LIQUID LAUNDRY DETERGENT

DESCRIPTION

ULTRA HEAVY DUTY LIQUID LAUNDRY DETERGENT is made from a carefully selected blend of anionic and nonionic biodegradable synthetic detergent and fluorescent brighteners. **ULTRA HEAVY DUTY LIQUID LAUNDRY DETERGENT** additionally contains a high concentration of a chelant type additive enhancing its use in areas of high mineral concentration water.

PERFORMANCE

ULTRA HEAVY DUTY LIQUID LAUNDRY DETERGENT is a unique detergent developed for washing durable press, polyesters, polyester-cotton and other hard to clean fabrics. It effectively removes greasy soils, without adversely affecting fabric crease resistance qualities. Premium choice surfactant for use in high water hardness environments.

ADVANTAGES

- Excellent grease and soil suspending properties.
- Superior wetting action.
- Safe to use on all types of fabrics.
- Liquid - instantly goes to work.
- Fast rinsing.
- Equally effective in high or moderate hardness water, low or high temperatures, and low or high alkalinity.

DIRECTIONS

Sheet Formulas	Use 3 - 5 oz. per 100 lbs. of wash in the break operation along with the usual washing supplies.
Linen & Industrial	Use 4 - 8 oz. per 100 lbs. of wash in the break operation along with 2 - 3 lbs. of alkali, detergent.
Shirt Formulas	Use 6 - 8 oz. per 100 lbs. in 160°F break operation.
