FRESH N' CLEAN

DESCRIPTION

FRESH N' CLEAN is a mild, highly economical, biodegradable, synthetic detergent for top loader applications. The product is a High Efficiency formulation that provides effective soil removing results at low temperatures with low alkalinity and sudsing characteristics.

FRESH N' CLEAN is spray dried to prevent dusting, and light density; **FRESH N' CLEAN** is excellent for high or low temperature washing, and rinses easily to prevent residual carryover in low water volume washers.

ADVANTAGES

- Mild but effective in all temperatures.
- Dissolves instantly.
- Safe for all fabrics and colors.
- Cleans up to 320 loads per 40 lb. bucket.

USAGE

FRESH N' CLEAN can be used at the following rates:

- | | | |
|------------------------------------|---|--------------------|
| Light Soil Loads | - | 2 oz. per load |
| Heavy Soil
or Extra Large Loads | - | 3 – 4 oz. per load |

PACKAGING

FRESH N' CLEAN is packaged in 40, 100, and 400 lb. screen printed plastics pails.
