## L.A. FLOOR

### DESCRIPTION

**L.A. FLOOR** is an environmentally friendly, concentrated all-purpose cleaner with excellent foaming characteristics. Designed for use as a kitchen floor and/or general all-purpose cleaner, this product effectively cuts grease on a variety of surfaces including tiles, linoleum, and cement. Its foaming action removes soil and leaves a clean, non-streaked finish. L.A. FLOOR is non-toxic, readily biodegradable, and its ingredients are certified by the U.S. Department of Environmental Protection's (EPA) SAFER CHOICE Division for Green Preferred Product Alternatives.

### DIRECTIONS

Dispense **L.A. FLOOR** through a hand pump or proportioning apparatus. When used as a floor cleaner, recommended dilution is in a rate range of 6 - 8 oz., per gallon of water. For all-purpose cleaning, a rate of 3 - 4 oz. per gallon can be employed.

Diluted Product should be sprayed or mopped directly on surface to be cleaned, agitated with brush, mop, or scrubber, and rinsed clean. For greasy floors, a "two-mop" bucket procedure (dirty/clean) should be employed for best results.

### PACKAGING

**L.A. FLOOR** is packaged in 4x1 gallon cases, 5 gallon, 15 gallon, and 55 gallon containers.
